WARREN W. HILTON, Chief Engineer.  
C. L. FARNSWORTH AND FRED'K A. SWEET, Assist. Engineers.

# REPORT OF THE SELECTMEN.

---

HYDE PARK, February 5, 1884.

FELLOW CITIZENS :—

As is the custom, we give you a full report of receipts and expenditures for the past year, reports of the different officers of the town, list of tax-payers, and such other matters as are of general interest.

The Town Hall was burned March 8th, 1883. The insurance on the building and contents was satisfactorily settled, by the payment of the policies in full. New rooms were leased by the Selectmen in Everett block, for one year, with the privilege of five years, at three hundred dollars per year. They have been nicely fitted up, at small expense, and accommodate officers and the public in a satisfactory manner.

## HIGHWAYS.

A good deal of work has been accomplished the past year. The Selectmen, at the beginning, rode over every street in town, making a careful survey and estimate of what it would cost, and asked the town for the needed appropriation, which was granted. As early as possible the work was begun. The gutters were cleared out, stones removed, sidewalks

repaired, low places filled up, and a general putting in order of nearly every street in town. Warren avenue was put to grade, and a culvert built across Beacon street, and one across Highland street at junction of Fairmount avenue. Fairmount avenue was gravelled from the bridge to Pond street, and one sidewalk from the bridge to the top of Fairmount hill, from gravel taken from Warren avenue. Pond street, near the school-house, where there has always been a low, wet place for the children to pass through, was filled, and a drain put in from lot corner of Fairmount avenue and Pond street to Williams avenue. On Dana avenue, where the water has flowed in the gutter in years before from the upper swamp, causing, in winter, much trouble from ice, and quite large expense to keep it passably clear, has been obviated by digging wells at the upper and lower swamps, and connecting therewith an eight-inch drain-pipe. This has worked entirely satisfactorily, taking care of all the water, contrary to the prophecy of some of the oldest inhabitants. For this work, half was paid by the Real Estate and Building Company and half by the town. At the junction of River street and Central Park avenue, the streets were filled about three feet, to improve the grade, and a culvert was built under Central Park avenue, near the engine house, to drain the water from River street to Stony brook. A portion of West street was filled and widened. Sidewalks were built on River street, and the street repaired from the paper mill to railroad property. Roxanna street has been put in complete and thorough repair, by trenching, relaying and paving the gutters, making over the sidewalks, and giving the roadway a heavy coat of gravel, at an expense of five hundred dollars, one-half of which was paid by Mr. C. F. Allen. A concrete crossing was built on Fairmount avenue, near Everett square, and concrete gutters across Central avenue, near the Methodist church, and at the head of Water street. The highways are, generally, in a fair condition.

Childs and Cleveland streets, as laid out by our predecessors, and accepted by the town last year, with an appropriation of twenty-three hundred dollars to do the work, was a legacy to us, the requirements of which we have endeavored to carry out; but the work is not fully completed, and will need an additional appropriation. The building of such culverts, the reduction of a ledge such as we found extending the entire width of Childs street and nearly two hundred feet in length, together with excavations in accordance with plans and specifications on file, we found a work of no small magnitude. But you will bear in mind that this work is being executed under the betterment laws, and a large portion of the expense incurred will be assessed on the abutters, and revert to the town after the work is finished.

The extension of Williams avenue has been completed within the appropriation, and accepted by the County Commissioners.

The bridge over the Boston and Providence railroad, on River street, has been built by the railroad company, and is a great improvement over the old structure. A contract was made with the railroad company to erect a temporary bridge for public travel while the new bridge was being constructed, for the sum of five hundred dollars, which the town will be called upon to provide for at its next appropriation meeting.

#### RAILROAD CROSSING.

A petition was presented by the Selectmen to the Railroad Commissioners, asking for a flagman at the Bridge street crossing over the New York and New England railroad, at the expense of said road. A hearing was held, which resulted in an order from said Commissioners granting the petition as prayed for.

## DRAINAGE.

For several years citizens residing on Green street have been seriously inconvenienced, by reason of an improper or inadequate system of drainage in that particular locality. Complaints have also been filed with this Board, by parties connected with the manufacturing interests of our town, and located directly in the rear of this street, who are suffering from the same cause. A plan has been suggested for their partial relief, that we think worthy of your careful consideration; which is to so change the grade of Central Park avenue, by a continuation of that, as now established at its junction with River street, to a point opposite the foot of Pine street, thereby providing for nearly all the surface drainage from Mt. Neponset, which now finds its way down on to the low lands in front of the Boston and Providence railroad depot, diverting this surface water from its original course along this avenue direct to Mother brook, or to a culvert now crossing said avenue at a point just below Walnut street, thence constructing an open drain, on a line with said Walnut street, over land of Robert Bleakie, to Mother brook; when, if these aggrieved parties will connect, by a system of drains along the rear of their estates at the point of the above named culvert, it will, we think, obviate their whole difficulty.

## GORDON AVENUE AND RIVER STREET.

The action of the County Commissioners, allowing the Boston and Providence Railroad Company to raise the grade nearly four feet on the approach to their new bridge, has deprived the town of all drainage at this point; and, unless said County Commissioners, or the railroad company, can be looked to for relief, early action on the part of the town will be necessary to remedy this difficulty.

## STREET LIGHTS.

Contracts were made with the Dedham and Hyde Park Gas Company, and the Globe Gas-light Company, on the same basis as last year. The service has, generally, been good, although some complaints have been made. In all such cases the companies have been notified, and have been prompt to remedy the trouble.

## NO LICENSE.

No License was the majority ballot carried to the polls at the March town meeting, and the Selectmen were elected on that basis; and everything has been done, as far as possible, to carry out the wishes of the voters. We feel that to-day we are comparatively free from the liquor nuisance. No open bars can be found, beer wagons are not as common on our streets as formerly, and we think we can be reckoned among the foremost temperance towns of the State.

## POLICE.

During the past year your attention has so frequently been called to the operation of this department, by reason of the energy, zeal and fidelity so plainly manifest on the part of those officers most actively engaged and connected therewith, that it seems almost needless for this Board to refer to it in connection with this report. Therefore we say, briefly, that the duties devolving upon the principal officers of this department have been arduous, perplexing, and somewhat dangerous withal, as the duties of faithful officers necessarily must be; and we feel that the facts will fully sustain us in the statement that these officers have proved themselves equal to every emergency; and we most heartily congratulate them and the town upon the results obtained by the strenuous efforts on their part to detect crime, enforce the laws, and maintain good order.

The officers specially commended to your notice, are Chief of Police Charles E. Jenney, Officer Charles Jacobs, and Night Watchman Patrick J. Donlan.

Respectfully submitted,

WALDO F. WARD,  
D. W. C. ROGERS,  
HENRY C. STARK,

*Selectmen.*

## POLICE REPORT.

---

*To the Board of Selectmen:—*

The following is a record of the arrests made during the year, commencing February 1, 1883, and ending February 1, 1884, classified as follows:—

Liquor Nuisances . . . . .	14
Illegal Sale of Liquor . . . . .	1
“    Keeping    “ . . . . .	5
Drunkenness . . . . .	32
Common Drunkards . . . . .	3
Assaults . . . . .	17
Breaking and Entering . . . . .	9
Larceny . . . . .	6
Tramps . . . . .	8
Gambling Nuisance . . . . .	4
Evading Car Fare . . . . .	1
Peddling without License . . . . .	1
Cruelty to Animals . . . . .	1
Embezzlement . . . . .	1
	103
Number Search Warrants for Intoxicating Liquors . . . . .	14
“    “    “    “    Stolen Property . . . . .	1
“    Cases reported and investigated without arrest . . . . .	107
“    Arrested and turned over to Officers from other places . . . . .	9

In addition to the above, five hundred and forty-nine travellers have been lodged in the lock-up over night, being discharged the following day.

CHARLES E. JENNEY,  
*Chief of Police and Keeper of Lock-up.*

## ENGINEERS' REPORT.

---

ENGINEERS' ROOM, H. P. F. DEP'T, }  
HYDE PARK, Jan. 31, 1884. }

*To the Honorable Board of Selectmen:—*

GENTLEMEN:—In laying before you this, our annual, report for the year ending January 31, 1884, we do so with much gratification. The membership of the department is excellent, and the apparatus in good condition, with one exception. The Hook and Ladder carriage is very light, and not strong enough to carry the equipment belonging to it. Some accident has happened to it at almost every fire, and more money has been paid to keep it in repair than would buy a much stronger carriage. We would recommend the next Board of Engineers to exchange it for one heavier and more durable, by paying a sum of money for the exchange.

The department has been called upon an unusual number of times the past year, and has proved very efficient in every case. In no instance has the fire extended beyond the building where it originated. In this connection we would say that great praise is due to the Chemical Engine. It has proven to be a good investment for the town. It has, undoubtedly, saved many times its cost. It has been especially useful in holding fires in check until streams of water could be had from the steamers.

We have in the department about three thousand feet of cotton hose in good condition, and fifteen hundred feet of leather hose almost worthless. The town will have to appropriate a sum of money for the purchase of hose the coming year.

The apparatus of the department consists of two steamers, two hose carriages, one hook and ladder carriage, one chemical engine, one fuel wagon, and two sets swinging harness ; all in good repair, except hook and ladder carriage, as above mentioned.

We take this opportunity to thank each and every member of the department for their gentlemanly deportment, and are confident they will always be found ready when duty calls.

You will find, with this report, a list of alarms and fires ; also, the officers and number of men belonging to each company.

Respectfully submitted,

W. W. HILTON,

*Chief Engineer.*

C. L. FARNSWORTH,

F. A. SWEET,

*Assistant Engineers.*

## OFFICERS AND NUMBER OF MEN.

---

The following is a list of the officers of the several companies, together with the number of men in the employ of the department:—

---

### GOODWILL STEAM FIRE ENGINE Co., No. 1.

W. H. DARLING, Foreman.  
 WM. F. RILEY, Assistant Foreman.  
 E. N. BULLARD, Clerk.  
 H. E. HUNT, Treasurer and Engineman, and ten men.

---

### ROUGH AND READY STEAM FIRE ENGINE Co., No. 2.

STEWART MCKENZIE, Foreman.  
 SETH J. HENDERSON, Assistant Foreman.  
 J. H. MCKENNA, Clerk.  
 JAMES A. GUINAN, Treasurer.  
 EDWARD F. MOORE, Engineman, and nine men.

---

### CHEMICAL ENGINE Co., No. 1.

JAS. H. O'BRIEN, Foreman.  
 H. G. BALKAM, Clerk and Treasurer.  
 H. I. SOMES, Engineman, and two men.

---

### HOOK AND LADDER Co., No. 1.

GEORGE E. CARLTON, Foreman.  
 ROBERT SCOTT, JR., Assistant Foreman.  
 D. H. COOEY, Clerk and Treasurer, and nine men.

---

Number of Firemen . . . . . 45

---

JOSHUA WILDER, Steward of the Department.

# DETAILED STATEMENT OF EXPENDITURES.

---

## SCHOOLS. — *Teachers' Salaries.*

### HIGH SCHOOL.

Paid John F. Elliot . . . . .	\$1,700	00
Miss Mary M. Coleman . . . . .	600	00
“ Sarah L. Miner . . . . .	600	00
“ Estelle M. Hatch . . . . .	300	00
“ Cora L. Hill . . . . .	350	00
	\$3,550	00

### DAMON SCHOOL.

Paid Edward W. Cross . . . . .	\$1,200	00
Miss Lizzie D. Bunker . . . . .	450	00
“ Julia E. Donovan . . . . .	450	00
“ Sarah A. Crosby . . . . .	450	00
“ Margaret E. Bertram . . . . .	450	00
“ Maria V. Rooney . . . . .	427	50
“ Edith H. Sears . . . . .	415	00
Mrs. Mary C. Howard . . . . .	6	00
	3,848	50

### FAIRMOUNT SCHOOL.

Paid Henry F. Howard . . . . .	\$1,200	00
Miss Annie L. Howe . . . . .	450	00
“ Hattie E. Adams . . . . .	435	00
Mrs. Matilda H. P. Cushing . . . . .	412	50
Miss Hattie M. H. Darling . . . . .	225	00
“ Hattie F. Packard . . . . .	200	00
“ Jennie S. Hammond . . . . .	450	00
“ Helen A. Perry . . . . .	450	00

## REPORT OF OVERSEERS OF THE POOR.

---

In a survey of our work and records of the past year, we note the following as of general interest:—

We find that the number of persons requiring full support is increasing year by year. Hyde Park, however, is very favorably situated in this respect for a town of its size. Under the statutes persons acquire a pauper settlement, mainly, by ownership of property, payment of taxes, or simply by residence, and our territory, thirty years ago, was so sparsely settled, and for the first few years of our village existence the population was so constantly changing that very few settlements were acquired until within perhaps twenty years. We have, in fact, on our list but three persons whose settlements antedate 1860, but with our larger, steadier population of late years, and also through changes in the laws which make the acquirement of a settlement a simpler matter than in the past, we find that a much larger proportion of applicants have settlements on this town than has heretofore been the case.

As Hyde Park settlements thus become more and more numerous, the aid to those requiring full support becomes each year a heavier item, and the question of how to most economically manage these cases is fast becoming one of importance to the town. We are now boarding such persons, adults and children, in various places and institutions, and this plan has answered fairly so far. With such an increase in their number, as may reasonably be expected within a very few years it will probably be necessary, however, for

the town to arrange in some way for their maintenance here at home. Probably the most feasible plan will be to utilize the Happy Valley estate, and either by the alteration of existing buildings, or the erection of a new one, start a poor-house on a small and inexpensive scale. Such an establishment would be of great use to the overseers, even now, and save a deal of time and labor by furnishing rooms, with board and care at a minimum cost for the sudden and serious cases of sickness among the friendless poor, which each year regularly brings us.

Our receipts this year from the Commonwealth, and from other towns have been quite large. The payments from the State include \$564, to close the small-pox claims of 1881, and the decision of Teed's settlement, gave us a claim on that account against the town of Tewksbury of \$251.80, which has been settled in full by that town. The State authorities have been of great service in aiding us to fix settlements in several disputed cases. Dr. Wheelwright, after a quarter of a century of service has just retired from the position of Superintendent of State out-door poor. We are pleased to acknowledge the aid and attention we have had from his office, and trust that we may continue as pleasant relations with as competent a successor. We have now due us from sundry sources for aid rendered, about \$240.

# REPORT

OF THE

## SEALER OF WEIGHTS AND MEASURES,

FOR THE FINANCIAL YEAR ENDING JAN. 31ST, 1884.

---

The Sealer of Weights and Measures has attended to the duties of his office as prescribed by law, and has received in fees for the same, \$31.65.

D. D. BURNS, *Sealer.*

## REPORT OF THE BOARD OF HEALTH.

---

The Board of Health herewith present their report for the year ending January 31st, 1884. The duties devolving upon the Board the past year have been more than in any previous year. A large number of complaints regarding the sanitary condition have come from all parts of the town. In a large proportion of these cases, the remedy sought was the cleaning out, and disinfecting of vaults and cesspools. Hog pens in the thickly settled parts of the town have given us considerable trouble, and it is the opinion of the Board, that no one should be allowed to keep swine in thickly settled streets.

All complaints have received our immediate attention and in nearly every case our requests upon the owners of these nuisances have resulted in their abatement without cost to the town. A petition was received from the residents on Arlington street, praying that this Board abate the stagnant pools of water near their property. After due consideration of the alleged nuisance, the Board decided to reopen the ditch through land of the Real Estate & Building Company, land of the Greenwood estate, and land of Sally R. Sumner. The Real Estate & Building Company contributed \$100; the Greenwood heirs and Sally R. Sumner, each did their own work. The town built three culverts and superintended the whole. We do not anticipate any further trouble from that section of the town.

The old reservoir on West street has been filled, which has given great satisfaction to those living near there. The work to be done by the Board of Health for the next few years will be quite large.

No one but members of the Board can form any idea of what has already been done. There are a number of places in town that will need watching for the next few years.

It is the duty of every one that knows of places that are not in proper condition to report the same to the Board.

During the past year our physicians in most every instance have reported to the Board cases of typhoid fever, scarlet fever and diphtheria, so that we have been able, with their help, as far as possible to prevent the spread of contagious diseases.

Respectfully submitted,

JOHN TERRY,

F. L. GERALD,

JOEL F. GOODWIN,

*Board of Health.*

The Town Clerk requests information of any omission or error in the above tables, in order that the registration may be as complete as possible. Respectfully submitted,

HENRY B. TERRY, *Town Clerk.*

# THE TWELFTH ANNUAL REPORT

OF THE

## HYDE PARK LIBRARY BOARD.

---

When making up their last annual report, the Trustees noted the fact that the lease of the rooms then occupied would expire during the year, and doubt was expressed as to the course that would be open to them in providing for the natural growth of the Library, and the increasing number of citizens making use of it, the rooms then occupied being already too small, with no possibility of extension.

The doubt was solved by the erection of a new building in an equally central locality, by Mr. Jas. S. Conant of Boston, and a lease has been taken of half the second story of the new block, for a period of five years, with the privilege of renewal for an additional five years at the same rate.

Preparations for removal were made immediately on the expiration of the lease of the old quarters, but meanwhile rumors had gained currency affecting the stability of the new building, and the Trustees, desiring to avoid any risk to the Library, discontinued further preparations until the opinion and suggestions of an eminent Boston architect had been obtained, and his recommendations adopted by the owner, when operations were renewed, and every effort was made

to put the Library in condition for use with the least possible delay. Weeks of time, however, were unavoidably lost for the above reasons.

The new rooms are convenient, light, high, easily accessible, and so much larger than those lately occupied, that provision can now be made for the probable growth of the Library and increase of readers for several years to come, while the current expenses will not be largely increased.

The Library has been carefully and intelligently managed the past year by the librarian, Mrs. H. A. B. Thompson, assisted by Miss Mary Hawley for a small portion of the time, but with the larger use now being made of the Library it is evidently but the question of a little time when the services of a permanent assistant will be required to keep the Library up to the proper state of efficiency, if indeed that time has not already arrived.

The Library now embraces about 7,500 volumes, all of which are accessible without cost to every citizen.

All the principal magazines of the country, with other periodicals, including weekly, semi-weekly and daily newspapers, are to be found in the reading-room.

Copies of the full and well-arranged catalogue can still be obtained free by any head of a family who does not possess one; and a supplement, covering all accessions to the Library since the publication of the catalogue to the present time, is in the hands of the printer, and will be ready for free distribution at about the time this Report will be published.

The number of books given out from February 1, 1883, to February 1, 1884, was 21,838.

The number of new cards issued was 347.

The amount received in fines was \$43.80.

About 240 volumes have been added to the Library by purchase.

33 volumes and 13 pamphlets Public Documents have been received.

2 pamphlets from Mr. H. M. Cable.

1 pamphlet from Mr. Sylvanus Cobb, Jr.

1 pamphlet each from Wakefield, Dedham, Quincy and Providence.

5 books and 2 pamphlets from Mr. W. D. Bidwell.

For the Trustees,

AMOS H. BRAINARD,

*Chairman.*

# BY-LAWS.

---

At a meeting of the legal voters of the town of Hyde Park Mass., held December 14th, A. D. 1882, it was voted to adopt the following By-Laws, to wit:—

## NOTIFICATION OF TOWN MEETING.

Every town meeting shall be notified by posting copies of the warrant calling the same, in ten public places in the town, seven days, at least, before the day appointed for said meeting; and a copy of the warrant shall be published in the local newspapers of the town once, at least, before said meeting.

## ANNUAL TOWN MEETING.

The annual town meeting shall be held on the first Monday of March of each year. The meeting shall be opened at eight o'clock A.M., and the polls shall be kept open until sunset.

## RULES FOR THE GOVERNMENT OF TOWN MEETINGS.

1. — Every meeting shall be opened with prayer.
2. — All questions submitted for the consideration of the town, involving the expenditure of money, shall be in writing, when so required by any legal voter.
3. — No vote fixing the period for closing a ballot shall be reconsidered after such ballot shall have commenced; but it may be in order to extend the period without such reconsideration.
4. — When a question is under debate, motions shall be received to adjourn, to lay on the table, the previous question, to postpone to a certain time, to postpone indefinitely, to commit, or to amend; which several motions shall have precedence in the order in which they are herein arranged.
5. — The powers and duties of the presiding officer, not especially provided for by law, or by the foregoing rules, shall be determined by the rules of practice contained in "Cushing's Manual," so far as they are adapted to the condition and powers of the town.

6.—No vote shall be reconsidered except upon a motion made within one hour after such vote has passed, unless such reconsideration is ordered by a vote of two-thirds of the voters present and voting.

#### FINANCIAL YEAR.

The financial year of the town shall begin with the first day of February in each year, and end on the thirty-first day of the following January.

#### MEETINGS OF TOWN OFFICERS.

The selectmen, overseers of the poor, board of health, surveyors of highways, and school committee shall post in some conspicuous place at their official rooms, a notice of the times of their respective meetings, and shall also give notice of the same through the local newspapers.

#### COLLECTION OF TAXES.

1.—The assessment of taxes shall be completed, and a list of the same delivered to the collector, on or before the first day of August of each year.

2.—All taxes which may be assessed, if paid on or before the first day of October next after the assessment, shall be entitled to such discount as the town shall vote at its annual meeting. All persons who may be assessed a poll-tax only, shall pay the same on demand. All taxes shall be paid in full on or before the first day of November next following the assessment of said taxes, and if not so paid, interest shall be paid at a rate not exceeding seven per cent. per annum, if so voted by the town.

3.—On the first secular day of each month, the Collector shall pay over to the town Treasurer all the taxes collected by him; and he shall on or before the first day of February in each year, make up his account and render the same to the Auditors.

#### DUTIES OF THE AUDITORS.

1.—The auditors shall examine the accounts of the selectmen, school committee, treasurer, collector, trustees of the public library, and the custodian of the town hall, and all other officers or committees entrusted with the expenditure of money, quarterly, and shall certify as to the correctness of the same in the printed annual report.

2.—Before certifying to the accounts of the treasurer, they shall examine his cash-book, wherein shall be entered his receipts and payments, as they occur from day to day, shall see that he has paid out no moneys except on proper vouchers, carefully examine all payments for interest, and see that the funds on hand are intact.

3. — Before certifying to the collector's accounts, they shall examine his cash-book, showing the amounts collected from day to day, and showing when the same were paid over to the treasurer; shall see that he has collected interest on all taxes overdue, and shall see a complete list of abatements, and also a list of unpaid taxes.

4. — They shall see that the accounts of the trustees of the public library, and the custodian of the town hall, are kept in a correct manner, and that all payments are accompanied with proper vouchers.

#### REMOVAL OF BUILDINGS AND OBSTRUCTION OF HIGHWAYS.

1. — No building shall be removed over a public street without the written permission of the selectmen.

2. — The owner of such building, or the person or persons removing the same, shall pay the town all damages, costs, and expenses for which the town may be liable or compelled to pay.

3. — No person shall place, or cause to be placed, in any of the public streets, sidewalks, lands, or upon any of the common lands of the town, without a written license from the selectmen, any manure dirt, gravel, stones, building materials; wood, coal, barrels, boxes, merchandise, or any rubbish or obstruction whatever.

4. — No person shall obstruct the sidewalks or streets of the town to the molestation of travelers, or accost or address another person with profane or obscene language in a street or public place. Whoever violates this by-law shall be subject to the provisions of section 35 of chapter 207 of the public statutes. Constables and police officers are instructed to enforce this by-law.

5. — No person shall ride or drive a horse in any street in the town at a rate faster than eight miles an hour.

6. — No person shall play ball, or throw snow-balls, or stones, or discharge any gun or fire-arm, or make any bonfires or other fires, in any of the streets or public places in the town, unless by written consent of the Selectmen.

7. — No person except the Selectmen or the Surveyors of highways, in the lawful performance of their duties, or those acting under their orders, shall break or dig up the ground in any street or public way in the town, without first obtaining a written permit from the Selectmen; and all persons acting under such permit, shall put up and maintain a suitable railing or fence around the part of the street so broken up, so long as the same shall remain unsafe or inconvenient for travellers, and he or they shall keep one or more lighted lanterns fixed to such railing or fence, or in some other way exposed every night from twilight in the evening through the whole night, so long as such street or way shall be or remain unsafe or inconvenient for travellers.

8. — Loud crying of wares or merchandise, or hallooing, hooting or making loud and unseemly noises on the public streets or squares of the town, to the annoyance of citizens, is prohibited.

#### COASTING.

Coasting on any of the public streets of the town is prohibited, except upon such streets as the selectmen shall designate each year by public notice.

#### PASTURING OF CATTLE OR OTHER ANIMALS ON STREETS OR WAYS.

1. — The town hereby adopts and avails itself of the provisions of chapter 53 of the public statutes, relating to the pasturing of cattle or other animals in streets or ways.

2. — No person shall be allowed to pasture any cattle, goat, or other animal upon any street or public way in said town, either with or without a keeper, except within the limits of such way adjoining his own premises, and field drivers are instructed to enforce this by-law.

#### TRUANTS.

1. — The town hereby avails itself of the several provisions of the statutes of this Commonwealth, now in force, relating to habitual truants and absentees from school.

2. — All children convicted of habitual truancy hereunder, and children between the ages of seven and fifteen years, residing in said town, and who may be found wandering about the streets or public places of said town, having no lawful occupation or business, not attending school, and growing up in ignorance, may be committed to the Lawrence Industrial School, of Lawrence, Mass., or to any house of reformation which has been or may hereafter be established by the County Commissioners of the County of Norfolk, or to any place provided by this town within its limits, for confinement, instruction and discipline.

3. — Two or more truant officers shall be appointed annually, whose duty it shall be to inquire into all the violations of the truant laws, and of the law relating to compulsory education, and to do all the acts required of them by the laws of the Commonwealth.

4. — It shall be the duty of every truant officer, previous to making any complaint under these laws, to notify the truant, or absentee from school, also his parent or guardian, of the offence committed, and of the penalty therefor, and if the truant officer can obtain satisfactory pledges for the restraint and reformation of the child, he may, at his discretion, forbear to prosecute so long as such pledges are faithfully kept.

5. — It shall be the duty of the School Committee, the teachers of the public schools, and the citizens generally, to aid the truant officers as far as possible in the discharge of their duties.

6. — It shall be the duty of the truant officers to keep a full record of all their official acts, and make an annual report thereof to the School Committee, who shall publish the same with their own report.

7. — Nothing in these by-laws shall be so construed as to alter or impair the obligation and duty of teachers to enforce punctuality and regularity of attendance, and to preserve good order and discipline.

#### JUNK DEALERS.

The Selectmen are authorized and instructed to enforce the provisions of chapter 102 of the public statutes or acts amendatory thereof, or additional thereto, relating to junk dealers.

#### LIST OF TAX-PAYERS.

The names of all persons paying a tax on real or personal property shall be published annually in the town report, together with the amount of tax assessed upon each, and whether the same is paid or unpaid.

#### UNEXPENDED APPROPRIATIONS.

Any unexpended balance of the regular annual appropriations, excepting those for public schools and the Public Library, shall, at the close of each financial year, be paid into the sinking fund, to be used in extinguishing the town debt.

#### DUTIES OF TOWN CLERK.

The Town Clerk shall keep a file of all town reports, reports of all committees chosen by the town, and all original documents relating to the affairs of the town which may come into his possession; he shall, as soon as practicable, after any election has been held by the town, in addition to the notices he is now directed to give to officers who are required to take an oath of office, also issue a written or printed notice to all persons who have been elected to any other office, or chosen to serve on any other committee, stating the office to which such person has been elected, or the duties which such committee was chosen to perform

#### DEFENCE OF ACTIONS.

The Selectmen shall have full authority, as agents of the town, to employ counsel, and appear for and defend suits brought against it, unless otherwise specially ordered by a vote of the town.

## CONVEYING.

Whenever it shall be necessary to execute any deed conveying land, or any other instrument required to carry into effect any vote of the town, the same shall be executed by the Selectmen, or a majority of them, in behalf of the town, unless the town shall otherwise vote in any special case.

## BY-LAWS IN RELATION TO THE PREVENTION OF FIRES, TO WIT :

It shall be the duty of every person who shall commence the erection of any building within the town of Hyde Park to notify the Board of Engineers thereof before he shall commence building the chimneys therein.

All chimneys in wooden buildings shall be built of brick, stone, or other fire-proof non-conducting material. All brick flues shall be smoothly plastered *inside* with mortar from top to bottom and *outside below the roofing*.

In no case shall chimneys rest upon any flooring without a footing of masonry or iron supported by iron beams, having a secure bearing of masonry or iron at either end.

All flues shall be topped out at least four feet above the roof of the building to which they belong. The brick topping out of chimneys shall not have more than two inches projection, unless covered by a cap of metal or stone properly secured.

Hearths of fireplaces or grates shall be laid upon brick or other trimmer arches, or upon bars of iron supporting a bed of brick-work.

No wood-work of any kind shall be placed at a less distance than one inch from the outside brick-work of any flue. In no case shall a nail be driven into the masonry of any flue.

No wood-work shall be placed at a less distance than one inch from any tin or other metal flue or flues, pipe or pipes, used or intended to be used to convey heated air or steam in any building, unless such flues or pipes shall be cased with metal, leaving a free circulation of air all around the same.

No smoke-pipe in any such wooden or frame building shall hereafter enter any flue, unless the said pipe shall be at least twelve inches from either the floors or ceiling; and in all cases where smoke-pipes pass through stud or wooden partitions of any kind, whether the same be plastered or not, they shall be guarded by either a double collar of metal, with at least four inches of air space and holes for ventilation or by a soap-stone ring, not less than three inches in thickness and extending through the partition.

The Board of Engineers shall examine into all shops and other places where shavings or other combustible material may be deposited or collected, and at all times be vigilant in the removal of the same, whenever, in the opinion of any majority of them, the same may be dangerous to the security of the town from fires; and direct the owner, tenant, or occupant of said shops, or other places, to remove the same; and in case such owner, tenant, or occupant's refusal or neglect so to do, to cause the same to be removed at the expense of such owner, tenant, or occupant.

It shall also be the duty of said Engineers to take cognizance of all buildings in the town in which any steam engine shall be used, and of all buildings in the town in process of erection or alteration, and to make a record of such thereof as in their judgment may from any cause be dangerous, and report the same to the Selectmen forthwith. And whenever in the opinion of a majority of the Board of Engineers, any chimney, hearth, oven, stove, stovepipe, fire-frame or other fixture, or any camphene or other explosive or inflammable fluid or material, or whatever else may give just cause of alarm, should be altered, repaired or removed, they, the said Engineers, shall forthwith notify and direct the owner, tenant or occupant of the premises upon which the same are situated, to alter, repair, or remove the same, as the said Engineers shall direct. And in case such tenant, owner or occupant shall refuse or neglect so to do, the said Engineers shall cause the same to be removed, altered or repaired at the expense of such owner, tenant, or occupant. And any person who shall obstruct the Engineers, or any of them, in carrying out the provisions of this section, shall be liable to the penalty hereinafter stated.

The removal, extension or essential alteration of any building; also, the rebuilding or repairing of any building which has been partially destroyed by fire, shall be subject to the same restrictions which are imposed by the foregoing By-laws on the erection of buildings.

#### PUBLICATION OF BY-LAWS.

The selectmen shall publish these by-laws annually in connection with the town report.

#### PENALTIES UNDER THE BY-LAWS.

Every violation of any of the foregoing by-laws shall be punished by a fine of not less than one dollar nor more than twenty dollars, to be recovered by complaint before any trial justice in the County of Norfolk, or any other court having jurisdiction.

## PROSECUTION UNDER THE BY-LAWS.

Any citizen may, and the selectmen, constables and police officers shall, prosecute every violation of any of the foregoing by-laws, by complaint before any trial justice in the County of Norfolk, or any other court having jurisdiction.

## REPEAL OF OLD BY-LAWS.

All former by-laws of the town are repealed on approval of these by-laws, as provided for in the following section :—

## BY-LAWS, WHEN TO TAKE EFFECT.

These by-laws shall go into effect from and after their passage, and their approval by the Superior Court, or any justice thereof.

Attest:

HENRY B. TERRY, *Town Clerk.*

---

NORFOLK, ss. SUPERIOR COURT, December Term, to wit: January 16, 1883. Approved by the Court.

ERASTUS WORTHINGTON, *Clerk.*

# REPORT OF SCHOOL COMMITTEE.

---

FOR THE SCHOOL YEAR ENDING DECEMBER 31, 1883.

---

TO THE CITIZENS OF HYDE PARK :—

The Committees appointed to superintend the different schools respectfully submit the following Reports :—

## HIGH SCHOOL.

Principal,—John F. Elliot.

Assistants,—Miss Mary M. Coleman, Miss Sarah L. Miner, Miss Estelle M. Hatch (to June 30, 1883), Miss C. L. Hill (from September 1, 1883).

The High school has had an unusually prosperous year, with increase both in numbers and in public appreciation.

At the end of the Summer term Miss E. M. Hatch resigned her position to devote herself to special studies. The resignation was accepted by the Committee with regret, and the vacancy filled, after careful inquiry and examination, by the election of Miss C. L. Hill, then teaching successfully in the High school at Fitchburg, Mass. The selection has proved an excellent one.

The other teachers of the school remain as last year, and it is to be hoped that the Town may long retain their valuable services.

As was to be expected, the new course of study shows some slight defects, but, on the whole, works admirably, and the changes required will hardly excite attention.

The Town will be asked, at the meeting in March, to appropriate money to repair the High school building, which was never well built, and is fast becoming dilapidated. Additional room is already needed. Another year will increase considerably the number of pupils. It is not too much to expect one hundred and fifty pupils in the High school of Hyde Park within two years. The demand of the times is increased facilities for effective training in natural science. Our school is without microscope, without telescope, without laboratory or lecture-room — almost without apparatus of any kind. Our teachers are good workmen; let us furnish them with good tools, and a convenient, well-appointed workshop.

We congratulate the public upon the high position already occupied by the alumni of this school in colleges and other institutions of learning, and in various industrial pursuits, and are anxious that those who follow shall be still better equipped to grapple successfully with the competitions and perplexities of literary or business life.

ANDREW WASHBURN,

G. M. FELLOWS.

H. M. CABLE,

*Local Committee.*

Whole number of different scholars during the year . . . . .	128
Average number of scholars during the year . . . . .	84.5
“ attendance during the year . . . . .	80.0

“ janitors' salaries . . . . .	150 00
“ expended for fuel during the year . . . . .	242 70
“ “ “ incidentals during the year . . . . .	208 57

---

### EVERETT SCHOOL.

Miss Mary E. Rogers, Teacher.

The same teacher whose services have proved so acceptable in the past, has continued her watchful and loving care over the little men and women of the Everett school. The school compares favorably with other Primary schools of the Town, except in regard to the accommodations provided. The Committee again calls attention to the contracted character of the building and incidental objections from a sanitary point of view.

HENRY S. BUNTON,

## DAMON SCHOOL.

Edward W. Cross, Master.

Lizzie D. Bunker, Julia E. Donovan, Sarah A. Crosby, Margaret E. Bertram, Maria V. Rooney, Edith H. Sears, Teachers.

This school has been happily free from serious drawbacks of any kind. The health of the pupils has been good, and the district, as a whole, free from some of the visitations of contagious diseases. Our corps of teachers has been unbroken, with one exception, and the result of constant good work on the part of both teachers and scholars is easily apparent on a visit to the school.

Since the first of January the experiment of abolishing the usual forenoon recess of twenty minutes, in all but the lowest classes, and shortening the forenoon session to the same extent by dismissing the school at 11.40 A. M., instead of 12 M., has been tried and found an agreeable and profitable change to both teachers and scholars, and satisfactory to parents as well, so far as they have been consulted. This practice is strongly commended in other towns where it is in full operation, and will no doubt prove for this school, if finally adopted, a positive improvement.

RICHARD M. JOHNSON,

HENRY S. BUNTON,

*Local Committee.*

Whole number of different scholars during the year	. . .	452
Average number of scholars during the year	. . .	302
“ attendance during the year	. . .	255

Graduates—Mary Healey, Mary Lynch, Martin J. Foley, William Burns, Percy Bond—5.

Amount of teachers' salaries during the year	. . .	\$3,848 50
“ janitor's salary during the year	. . .	150 00
“ expended for fuel during the year	. . .	419 25
“ “ “ incidentals during the year	. . .	667 50

## GREENWOOD SCHOOL.

Master,—Daniel G. Thompson.

Teachers,—Sarah A. Bailey, Agnes L. Adams, Alice E. Gage, Ellen M. Farnsworth, Sarah E. Remick, Maud G. Leadbeater.

At the opening of the school in September, the rooms were well filled, and that containing the Seventh and Eighth classes was so crowded as to render it impossible to continue it longer under one teacher. A new room was accordingly opened, and the Seventh class placed in it, under Miss Folsom, whose resignation at the close of the Fall term we are sorry to be compelled to mention.

Her excellent character as a teacher is attested by her long service in this and the Fairmount school, during which she was promoted through all the grades, from almost the lowest to the one she last held.

The present organization of the school is as follows: The Fifth and Sixth classes in charge of Mr. Thompson; the Seventh, Miss Bailey; the Eighth, Miss Adams; the Ninth, Miss Gage; the Tenth, Miss Farnsworth; the Eleventh, Miss Remick; the Twelfth, Miss Leadbeater. The daily work of all is marked by earnestness, faithfulness and patience.

It is gratifying to observe the apparent good feeling existing between the patrons of the school and the pupils and teachers.

Sickness and other causes have affected the attendance in some of the lower classes unfavorably, but it is hoped that this evil will not continue.

The sanitary condition of the school premises has received especial attention, and in the opinion of experts nothing objectionable now exists there. A cistern has been built, to provide a supply of wholesome water; the walls of the rooms have been put in good condition; new furniture has been procured, and necessary repairs made in and about the building.

A want which is much felt in this, as in all our schools, is suitable books of reference and a few standard works adapted to a school of this grade. A well chosen library should form part of the equipment of every school.

GEO. M. FELLOWS,

“ “ “ incidentals during the year . . .	805 96

---

### FAIRMOUNT SCHOOL.

Mr. Henry F. Howard, Master.

Miss Annie L. Howe, Miss Hattie E. Adams, Mrs. Matilda H. P. Cushing, Miss Hattie M. H. Darling (to June 30, 1883), Miss Hattie F. Packard (since Sept. 3, 1883), Miss Jennie S. Hammond, Miss Helen A. Perry, Teachers.

The only change in the organization of this school has been occasioned by the resignation of Miss Darling, of the Tenth-class, after three years' service, during which time she has

proved herself a painstaking and successful teacher. The vacancy was satisfactorily filled by the appointment of Miss Hattie F. Packard.

In the earlier portion of the year an epidemic, which prevailed in the district, occasioned great irregularity in attendance, and materially retarded the work of the school-room. Since the commencement of the Fall term, although several cases of diphtheria have occurred (one of them fatal), the general health of the school has been exceptionally good, with but little absence by reason of sickness.

The master and teachers have labored zealously in their several departments, and have well sustained their previous good reputation for efficiency and success.

The black-boards were repaired, and put into thoroughly good condition during the Summer vacation, and the fence around the school grounds was painted.

The heaviest item in this year's "incidentals" is a new Magee furnace, piping, etc., which however, was bought and placed in position before the end of the last fiscal year. It has supplied a long-felt need, and the Committee have had no cause for complaint the present winter by reason of the insufficient heating of the building.

HENRY S. BUNTON,  
ANDREW WASHBURN,

“ “ “ incidentals during the year . . .	.	565 74

---

### GREW SCHOOL.

Mr. Franklin H. Dean, Master.

Miss Annie L. Clarke, Master's Assistant.

Miss Frances J. Emerson, Miss Lucina Dunbar, Miss Florence E. Leadbeater (to June 29, '83), Miss Clara F. Hall (since Sept. 3, '83), Miss Martha A. Alexander (to June 29, '83), Miss Fanny E. Harlow (since Sept. 3, '83), Miss Jennie H. Soule (since Sept. 3, '83), Miss Genevieve Brainard, Miss Ella J. Stocking (to June 29, '83), Miss Agnes J. Campbell (since Sept. 3, '83), and Miss Leila E. Perry, Teachers.

It has been the good fortune of this school for a number of years to retain substantially the same organization, but during the past year this has ceased to be true. At the close of the last Spring term, and during the vacation following, the resignations of Misses Alexander, Leadbeater and Stocking were received. The loss of these faithful teachers at the same time was a serious one, and will be felt by the school for some time to come. At the beginning of the September term, Miss Clara F. Hall, a teacher of much experience, was placed in charge of the Ninth class, and is doing excellent work; Miss Fanny E. Harlow and Miss Agnes J. Campbell, young ladies of our own town, were selected for the rooms formerly of Misses Alexander and Stocking. They are giving their best efforts to the work, and their success is commendable.

At the opening of the school in September the number of pupils was greatly in excess of the number at the close of the school in June. Upon classification it appeared necessary to provide another room for divisions of the Ninth and Tenth classes. The High School Committee kindly permitted us to transfer the desks formerly used by the Advanced Grammar class from the High school building to the hall of the Grew building, and by purchasing sixteen new desks, Mr. Dean's classes were accommodated in the hall, where they now remain. The rooms of the lower classes were then so assigned that the room formerly used by the Ninth class was left vacant for the new school, composed of divisions of the Ninth and Tenth classes. Miss Jennie H. Soule, a graduate of the High school, was selected to instruct this school. She is working zealously in the position, and to the satisfaction of the Committee.

The large increase in the number of pupils, with the changes in organization, greatly adding to the care and labor of Mr. Dean, we were authorized by the Board to employ an assistant for the master's room. Miss Annie L. Clarke, a lady of successful experience, was employed, and is now doing good work. We feel that the increased efficiency of the organization justifies the added expense.

The work of the school amid these changes, has gone forward smoothly; the teachers, one and all, showing a desire to obtain the best possible results under the circumstances. Much credit is due to both teachers and pupils for the harmonious work of the past year. All have seemed to have the interest of the school at heart, and have striven to make the year's work a credit to themselves and to the town.

While all branches of the course have received proper attention, the work in writing is especially commendable, as is also that in map drawing, the Fifth and Sixth classes showing some good work in raised maps.

In closing, we must strongly urge the necessity of increased accommodations for this district. The hall is not

well adapted for a school-room, being large, poorly lighted, and in extreme cold weather but poorly warmed, even with the extra furnace added during the year. And further, the increase of the number of pupils to above five hundred so enlarges all classes that the teachers are overworked, and the *best* results cannot be obtained.

There is a demand for a new school building, and it will shortly become an absolute necessity. The location of such, when built will call for the exercise of a wise discretion if the grading of the schools is to be properly preserved.

CHARLES G. CHICK,  
HOBART M. CABLE,

*Local Committee.*

Whole number of different scholars during the year . . . . .	590
Average number of scholars during the year . . . . .	436.0
“ attendance during the year . . . . .	393.0

## EVENING SCHOOLS.

Two Evening schools, one in the Grew District and one in the Readville District, have been in session since December 1.

Mr. F. H. Dean has charge of the school in the Grew building, assisted by Miss Clark, with an average attendance of twenty scholars.

Mr. Geo. T. Wiggin has charge of the school in the Damon building, assisted by Miss Conlan, with an average attendance of thirty scholars.

For several years there has been a growing interest in evening schools.

There are many people in our community who are not at liberty to leave their work in the day time for study.

These are the very persons who stand most in need of better opportunities for an education at the public expense, and the town has liberally provided to give this class of our citizens the rudiments of knowledge, which may be the means of their obtaining more profitable employment, and to elevate and strengthen their self-respect.

## MECHANICAL DRAWING.

A school for instruction in Mechanical Drawing has been opened in the High school building—two evenings each week. Michael Golden, of the Institute of Technology, Boston, is the instructor.

The class numbers about thirty, and contains some of our enterprising mechanics, and young men who propose to engage in mechanical pursuits.

The marked success of the school gives abundant evidence of the wisdom of this part of the scheme for industrial training, which now so largely engrosses public attention.

HOBART M. CABLE,  
CHARLES G. CHICK,

*Sub-Committee on Evening Schools.*

## MUSIC.

*Gentlemen of the School Committee:*

Vocal music is now becoming fully established and recognized as one of the regular studies of the school-room.

The teachers have very generally co-operated with the special teachers in maintaining good discipline, and in many instances have further aided by actively engaging in the special lesson.

While a marked difference is noticeable in the results obtained from the various schools, yet nearly all are doing conscientious work.

That the best results may be obtained, it is necessary that the same methods that are found essential in other studies be applied to this branch.

The pupils quite generally enjoy the singing lesson.

Some of the benefits to be derived from the study of vocal music in our public schools are well brought out by Prof. Tourgee, when he says that "Where music is taught in our public schools, the ribald songs disappear from our streets. It holds the highest rank as an aid to memory. The power of observation and expression are heightened by it; and, as a mental discipline, it is in no wise inferior to the vaunted study of mathematics."

Respectfully submitted,

H. J. WHITTEMORE,

*Teacher of Music in the Public Schools.*

## TO THE CITIZENS OF HYDE PARK.

---

The undersigned would most respectfully call the attention of the public to the foregoing *special* Reports of the individual schools for its earnest consideration. These Reports give in detail a history of another year's work, the changes that have taken place, and show the general condition of the schools at the present time.

In the maintenance of our Public Schools, as required by law and an enlightened public sentiment, the School Committee are obliged to provide for the education of all the children in the town, of school age, in the whole range of desirable instruction, from the simplest elements to a complete preparation for college or a mercantile or business life.

The Town cheerfully appropriates a liberal sum of money annually for school purposes, and to give each child the *best* education possible with the means provided is the weighty responsibility which the School Committee are *obliged* to assume.

The most prominent and important recommendation made to the people on educational matters by Gov. Robinson in his inaugural address is as follows :

“The most promising field for improvement is in the small towns ; they cannot make sufficient provision for the highest success ; the large towns can. We need more thorough, intelligent supervision, especially in the small country towns. Whatever can be done to build up and strengthen these struggling communities will bless the State at large. More towns should avail themselves of the statute authority to employ a superintendent, if not alone, then in union with their

neighbors. Apply this system generally, and the benefits will quickly appear in better teachers, improved methods of instruction, more satisfactory buildings and appliances, and an increased attendance of pupils."

If Hyde Park could secure the services of a superintendent, glowing with enthusiasm on the great subject of popular education; a man wise in counsel and efficient in action, with a practical good sense, which would win the confidence of the people; a man who shall know what elsewhere has been or is doing on the subject of education, and who, with wise discrimination, should give the benefit of such knowledge to us; who would create, if possible, a livelier professional enthusiasm among our teachers; who would establish a training-school in our midst, the better to prepare those of our High school graduates, who desire to teach, for their responsible and difficult labor; who would secure frequent meetings of our teachers, particularly those teaching in the same grade, for consultation and advice, then we might have a partial benefit of that which Gov. Robinson *would* have us enjoy.

In the absence of such supervision, an assistant teacher in each master's room would relieve him to such an extent that he could be of very great value to the lower grades.

The establishment of a more intimate relation of our scholars with the Public Library is a matter that is receiving thoughtful consideration. Supt. Cogswell, of Cambridge, and Supt. Aldrich, of Quincy, have prepared and published in their Reports extensive lists of books on History, Biography and Travel, giving to each the number corresponding to their catalogue number, and a widespread interest for this kind of literature has been created.

Mr. Dean, Master of the Grew school, has already prepared a list of several hundred volumes, and we trust that the co-operation of the Library Board with the School Committee, teachers and parents will awaken a desire on the part of the scholars to read only instructive books.

## BUTLER SCHOOL.

The Supreme Court has decided that the legal title of the Butler school property on River street is still vested in the Town, and the Committee have unanimously voted to ask for an appropriation of \$500 to repair the same.

As this property *must*, by the provisions of the bequest, be used for school purposes, else revert to the donor, the duty of the Committee is plain.

In addition to the sums expended by the Local Committees, as appears by their reports, there has been expended, generally for Incidental Expenses, the sum of \$440.31, which does not appear in the local reports.

Respectfully submitted,

H. M. CABLE,

*Chairman.*

# REPORT OF SCHOOLS.

## HIGH SCHOOL.

PRINCIPAL.—JOHN F. ELLIOT.

ASSISTANTS.—MISS M. M. COLEMAN, MISS S. L. MINER, MISS C. L. HILL.

Jan. 1, to June 30, 1883.	Whole number.	Average whole number	Average attendance.	Per cent. of attendance.	Per cent. of punctuality.	No. not absent.	No. not tardy.	No. not absent nor tardy.
